LITHIUM BATTERY

COMPANY PROFILE

Powering Every Application. Reliably!

Introduction

Founded in 2015, SMARTECH Battery has rapidly become a leader in lithium battery technology. We specialize in designing and manufacturing custom solutions for diverse applications. Our commitment to quality and innovation drives us to develop cutting-edge energy storage products.

Dedicated to sustainable energy, we actively contribute to a greener future. We provide high-performance battery solutions for EVs, solar energy, medical devices, and various critical applications. SMARTECH Battery partners with clients to deliver tailored battery packs, aiming to be a reliable provider of advanced power solutions.

About Us

SMARTECH Battery delivers a comprehensive range of advanced energy solutions, including inverters, UPS systems, and batteries for energy storage, solar, telecom, and high-voltage applications. We also specialize in high-performance batteries for electric vehicles (EVs), e-rickshaws, golf carts and Online UPS. Our diverse portfolio is designed to meet a broad spectrum of power requirements.

At SMARTECH Battery, we meticulously manage the entire production process, from component sourcing to rigorous final testing, ensuring the highest standards of quality. With a relentless focus on innovation, quality, and service excellence, we are dedicated to providing reliable and sustainable energy solutions to businesses and individuals across India.

Key Advantages Of Our Lithium Batteries

High Energy Density

Maximizes power storage in compact sizes.

Longer Cycle Life

Provides extended battery lifespan.

Eco-friendly Production

Utilizes sustainable manufacturing processes.

Fast Charging Capability

Reduces downtime with rapid recharging.

Enhanced Safety Features

Incorporates advanced safety technologies.

Wide Temperature Range

Performs reliably in extreme conditions.

Lightweight Design

Easy to handle and transport.

Compact Size

Saves space without sacrificing power.

No Maintenance

Requires no upkeep and no gassing.
